As a team, we are proud of Doncaster gaining City status and the fantastic EPIC CE training using virtual reality.

GCP2 updates

This month we have made great progress through our steering group meetings. We have started to select colleagues who will form our trainers, discuss a training plan and how we will monitor and audit the use of GCP2. If GCP2 is not something you are familiar with, please do not hesitate to get in touch for a chat. It will be a pivotal tool used throughout Doncaster to tackle neglect.

Key updates

Adults updates:

DSAB Practitioner Conference:

Following the success of our DSCP Practitioners conference, we have started planning for our DSAB Practitioners conference, which will take place virtually on **Wednesday 13th July 2022**. To reserve a place, please email DSAB@doncaster.gov.uk. We would encourage all those working with vulnerable adults and families to join us. There is no cost for the event.

Children's updates:

Doncaster children and young people's plan:

Please take time to visit [CYPP-2022 - Updated - A4 \(canva.com\)](https://www.canva.com/CYPP-2022-Updated-A4) and read the Doncaster Children and Young People's Plan 2022/2025!

Neglect Strategy:

We launched our neglect strategy at our DSCP Practitioners Conference on 20th April 2022. You can find this [here](#).

Joint updates:

Independent Chair:

John Goldup has resigned from his position as independent chair and we are now in the process of appointing a new chair, keep an eye out for further updates in the coming monthly newsletters.

Keeping Safe Forum:

Our monthly Keeping Safe Forum, run by Healthwatch, will be taking place on **Wednesday 8th June**. The Forum is a platform for both adults and children to understand safeguarding and how it can impact them, as well as discovering what support is available. It allows all to voice their opinions and ask questions in a less formal setting, which takes into account access requirements for people with care and support needs such as access to a BSL interpreter. We have a good representation from the Safeguarding Business Unit, but it would be great to see more of our colleagues in attendance to bridge the gap between us and our community.

St Leger Homes Gains Distinguished National Accreditation For Domestic Abuse Work

St Leger Homes has become the first local housing provider in South Yorkshire to receive a prestigious national accreditation for its work around helping tenants affected by domestic abuse.

The nationally recognised Domestic Abuse Housing Alliance (DAHA) accreditation means the Doncaster housing provider is now part of a prestigious group of housing providers across the country to achieve this standard of service.

DAHA's mission is to improve the housing sector's response to domestic abuse through the introduction and adoption of an established set of standards and an accreditation process, learning from best practice within the sector.

St Leger Homes manages over 20,000 properties across Doncaster on behalf of Doncaster Council.

Dave Wilkinson, Chair of St Leger Homes, said:

“As a local housing provider, we recognise the role St Leger Homes plays in supporting those tenants, families, customers and staff affected by domestic abuse, as well as the actions we can and do take alongside our partners to help prevent domestic abuse. This accreditation is a testament to that hard work that has taken place over a number of years by people across this organisation.

“We are proud to have secured DAHA accreditation and for the positive feedback given by the inspectors who reviewed the procedures we have in place for dealing with cases of abuse. We are committed to improving the lives and outcomes of people affected by domestic abuse and will be continuing to strengthen our approach, implementing a further improvement plan in the coming months.

“Gaining this accreditation is just the start of the journey, we will be looking to continuously improve the way we work to offer victims and survivors the support they need at the time they need it, protecting their wellbeing and safety – as well as ensuring perpetrators get practical assistance to tackle their negative behaviour.”

Councillor Glyn Jones, Deputy Mayor and Cabinet Member for Housing and Business at Doncaster Council, said:

“It is great news that St Leger Homes is leading the way nationally, giving tenants in Council homes across Doncaster the highest level of support and advice when it comes to the issue of domestic abuse. To be one of the first housing provider in South Yorkshire to achieve DAHA accreditation is a fantastic achievement and we welcome the work St Leger Homes is doing alongside partners to tackle domestic abuse locally.”
